Hello Fellow Residents,

**Starting June 1<sup>st</sup>, 2024, your dues will cover curbside trash and recycling removal!** You must cancel your current trash services if you are not using RWB Disposal. We are thrilled to provide this new service to you for your convenience while also reducing wear and tear on our privately maintained streets and reducing noise and litter pollution!

Looking for spring savings? Start using RWB Disposal now for \$14.39\* a month - a discounted rate compared to other providers! You will need to go to <https://rwbdisposal.com/sign-up-for-service/> and create a personal account to start service - you will be responsible for paying until the HOA commences responsibility for trash removal beginning on June 1, 2024. You can call Karen with RWB Disposal, at 540-837-5593 - if you do not have online access.

If you have any questions, please contact Adam McGuinn, your Coventry Group Management representative, with any and all questions on this endeavor or any other community concerns at 540-535-0816 or [amcguinn@coventrygrp.com](mailto:amcguinn@coventrygrp.com).

In community,  
Your HOA Board of Directors

*\*The cost per home is \$14.39 for trash and recycling, and the company offers different sizes of containers. A 64-gallon trash container and a 35-gallon recycle container are included in the monthly fee. Residents will be responsible for setting up a separate account with RWB if they require additional or larger containers. Dues will not need to be increased any more than they already are annually for 2024.*
